# Jeffrey Yang

**(626)-818-2618**
jeffrey_yang@ucsc.edu

University of California, Santa Cruz
B.S. Computer Science – 3.63 GPA
Expected Graduation: June 2020

## EXPERIENCE

### Economics Lab Programmer, Santa Cruz, CA

May 2018 - Present

Currently using Python, JavaScript, and HTML/CSS to write multiplayer web games that the Economics department uses to conduct research on behavioral economics. Worked with Django to run a production server.

### California Philharmonic, Arcadia, CA — Volunteer

June 2013 - August 2016

Took tickets and organized raffles for concerts, answered phones, wrote spreadsheets, prepared and mailed tickets.

### Helping Hands, San Marino, CA — *Volunteer, Leader*

February  2015 - June 2017

Volunteered for, then ran a weekend program where high school volunteers helped seniors use phones and other mobile devices.

### Habitat For Humanity, Azusa, CA — *Volunteer*

November 2014 - June 2017

Volunteered once a month throughout high school to stock donations to the Habitat for Humanity store, assemble items for sale, and price items. Coordinated carpools and hours for high school volunteers.

## PROJECTS - github.com/jeffreyyang3

### Personal Website:

November 2017 - Present

Currently using Vue.js and HTML5 Canvas to create a personal website.
jeffreyyang3.github.io

### Data Visualization and Particle Simulation

November 2017

Used Chart.js and HTML5 Canvas to visualize a stochastic process and simulate random particle movement.

## SKILLS

Java/Python

HTML/CSS/JavaScript

UNIX/Git

Soldering

Hardware Assembly

## Relevant Coursework

Intro to Data Structures

Applied Discrete Mathematics

Intro to Probability Theory

Mobile Applications

Vector Calculus

## Public Speaking Awards

**SCDL Spring Debate 2016**

4th place, policy  debate

**SCDL Fall Classic 2016**

5th place, public forum debate

## Personal Interests

**Electric Guitar / Bass**

- Can sweep pick

**Skateboarding**

**Personal Fitness**
